Message from Dr. Uhl

The Search Committee is pleased to announce that Phillip VanDerBrink has been invited to campus May 3rd for a series of interviews. Mr. VanDerBrink is originally from Michigan but has worked for international schools since 2004 in a variety of capacities. His most recent position is as Campus Dean for the Leysin American School in Switzerland.

We are beginning to formulate the program for the interviews. Our hope is to provide him with time to interact with teachers, staff members, students, parents, and Advisory Council members. More details to come.
